

# COMMUNITY SCHOOL TOURING PROGRAM

## Proposal Guidelines // 2021-22

The Community School Touring Program aims to bring performances to students in Yukon communities they may not otherwise encounter, and preference is given to applications with an educational component.

Please include the following when submitting your proposals to tour Yukon schools:

- Name of tour
- Names of performers touring
- Do you or any members of the tour reside outside the Yukon?
- Geographical routes proposed (Please see attached route breakdown)
- Proposed timeline (dates to be finalized between performers and schools)
- Briefly describe the performance:
  - *Main theme or concepts for students to be aware of during the performance*
  - *What is the message you hope students will take away from the performance?*
  - *What educational components are included in your show?*
  - *How will you engage students during the performance?*
- Have you performed this or any other show to schools in the past?
- Please include a brief bio and sample of your work (audio or video).

## Budget

Please attach a budget to your submission outlining performance fees and travel expenses. (For more information about the available budget for this program, contact the CSTP coordinator.)

Please note that as part of the terms of this fund, students and schools may not be charged for the performance. This funding does not cover performance development or administration costs. It does cover travel costs within the territory while on tour, but does not cover travel to get to the Yukon if you have performance members who do not reside here.

For ease of selection/application, the Yukon community schools have been divided into 5 separate routes. Please indicate which tour routes you are applying for.
